The U.S. Fish and Wildlife Service (FWS), in cooperation with the Hawai'i Department of Transportation and the County of Kaua'i, is proposing a project designed with safe access to the Hanalei National Wildlife Refuge to allow for enhanced opportunities to interpret the refuge's mission and purposes of conserving cultural resources and endangered species, as well as providing wildlife-dependent recreational opportunities and environmental education for local families and visitors. The site will provide ample parking, interpretive information, and wildlife observation for the Hanalei NWR that is otherwise closed to public access.

If you need an ASL Interpreter, materials in an alternate format, or other auxiliary aid support, please contact Jennifer Waipa at 808.635.0925 no later than 5 days before the scheduled event.
